

AGENDA FOR THE CITY OF BARABOO PUBLIC SAFETY COMMITTEE

Members noticed must notify Committee Chairman Kolb at least 24 hours before the meeting if they will not be able to attend.

Date and Time: Monday, February 28, 2022, 2021 – **1:00 P.M.**

Location: City Services Center – 450 Roundhouse Court, Baraboo, WI

Members Noticed: Tom Kolb, Phil Wedekind, Michael Plautz

Others Noticed: Administrator C. Bradley, Mayor R Nelson, Police Chief M. Schauf, Fire Chief K. Stieve, City Engineer T. Pinion, Utility Superintendent W. Peterson, Street Superintendent T. Gilman, BDAS Chief Caleb Johnson, Capt. R Sinden, and Library.

1. **Call to Order**

- a. Note compliance with the Open Meeting Law.
- b. Roll call.
- c. Approve agenda.
- d. Approve minutes of January 31, 2021 Public Safety Committee meeting.

2. **Public Invited To Speak** (*Any citizen has the right to speak on any item of business that is on the agenda for this meeting i2 recognized by the presiding officer.*)

3. **Action Items**

- a. Review 2022 Public Works Projects Bid Tabulation and recommend award of contract.
- b. Review and approval of monthly Billing Adjustments/Credits for Sewer and Water Customers for February 2022.

4. **Information Items**

- a. Electric Vehicle Charging Stations for on-street parking stalls in downtown Baraboo.

5. **Reports**

- a) Utility Superintendent's Report
 - i) Staffing updates
 - ii) Project updates
- b) Street Superintendent's Report
 - i) Staffing updates
 - ii) Project Updates
 - iii) Monthly Report on Public Works Department activities
- c) Police Chief's Report
 - i) Staffing Update
 - ii) Case/ Response Update

- d) Fire Chief's Report
 - i) Monthly Incident Report
 - ii) Operations Study Update
 - iii) Fire & EMS Facility Design update
 - iv) Staffing updates

6. **Adjournment**

Tom Kolb, Chairperson

Agenda Prepared by Kris Denzer
Agenda Posted by Donna Griggel February 24, 2022

PLEASE TAKE NOTICE that any person who has a qualifying disability as defined by the Americans with Disabilities Act, that requires the meeting or materials at the meeting to be in an accessible location or format, should contact the Municipal Clerk (101 South Blvd or phone 355-2700) during regular business hours at least 48 hours before the meeting so that reasonable arrangements can be made to accommodate each request.

FOR INFORMATION ONLY, NOT TO BE PUBLISHED

Minutes of the Public Safety Committee Meeting – January 31, 2022

Members Present: Phil Wedekind, Tom Kolb and Mike Plautz. **Others Present:** Tom Pinion, Ryan Labroschian, Tony Gilman, Kevin Stieve, and Casey Bradley.

Call to Order - Committee Tom Kolb called the meeting to order at 1:00 P.M. at Baraboo City Service Center. Compliance with the Open Meeting Law was noted. It was moved by Wedekind, seconded by Plautz to approve the agenda as posted. Motion carried unanimously. It was moved by Wedekind, seconded by Plautz to approve the minutes of the November 22, 2021 meeting. Motion carried unanimously.

Public Invited To Speak (*Any citizen has the right to speak on any item of business that is on the agenda for this meeting if recognized by the presiding officer.*) – There were no speakers.

Action Items

- a. Consider Sauk County's request for a Handicap Parking Stall on east side of Broadway between 3rd & 4th Avenues – Pinion presented background to the Committee. He said the west side of the Courthouse will be the new secured and accessible entrance and they are requesting a handicap-parking stall. It was moved by Wedekind, seconded by Plautz to approve the request for a handicap-parking stall on the east side of Broadway between 3rd & 4th Avenues. Motion carried unanimously.
- b. Review and recommend Council authorization for the Fire Chief and City Administrator to sign the updated Fire Department/DNR Memorandum of Understanding for Mutual Aid and Fire Suppression Services with the Wisconsin Department of Natural Resources – Chief Stieve presented the background to the Committee. It was moved by Wedekind, seconded by Plautz to forward to Council with a positive recommendation. Motion carried unanimously.
- c. Review and recommend Council authorization for the City Administrator and City Clerk to sign the proposal for Standard of Cover and Strategic Plan for Baraboo Fire Department and Baraboo District Ambulance Service from the Center for Public Safety Management, LLC, a partner of the International City/County Manager's Association (ICMA), in the amount of \$31,500. The cost of this project shall be funded by the proceeds of the Fire Remodel project – Chief Stieve presented background to the Committee. It was moved by Wedekind, seconded by Plautz to forward to Council with a positive recommendation. Motion carried unanimously.
- d. Review and recommend Council authorization for the Council President, Public Safety Committee Chair, City Administrator, and Fire Chief to work with the BDAS Chief and a subcommittee of the Baraboo Ambulance Commission, as appointed by the Commission, to create the necessary governance documents to form a consolidated Fire/EMS District – Chief Stieve said this is the process to start the formalization of the Fire/EMS District. He said he would envision that the two chiefs and City Administrator, in conjunction with the separate attorneys would be doing the biggest share of the work, getting that information together, bringing it to that committee, presenting it and then the Committee finalizing the decision and then forwarding it up to the change of command. Bradley said that the biggest point would be the funding formula that everyone is going to be hung up on. He said he feels the most difficult thing will be to what will be more difficult is getting people to understand how it works. He said forming a district does not benefit an entity, and it does not hurt an entity. Bradley then explained the two funding formulas. He then explained how a district works. It was moved by Wedekind, seconded by Plautz to forward to Council with a positive recommendation from the Committee. Motion carried unanimously.
- e. Review and approval of monthly Billing Adjustments/Credit for Sewer and Water Customers for the months of November and December 2021 and January 2022 – It was moved by Wedekind, seconded by Plautz to approve the monthly Billing Adjustments/Credits for November & December, 2021, and January, 2022. Motion carried unanimously.

Information Items

- a. 221 Elm Street – Unimproved alley right-of-way used as a shared private driveway. Pinion presented this item to the Committee. He said that a petition would be needed to improve the alley right-of-way. He said that if the City did this the property owners would be assessed. Owners did not agree saying they have been using it forever and the City use to plow and pick up garbage. Pinion said that would stop because it is an unimproved right-of-way.
- b. 4-hour Limit for parking on East Side of Ash between 4th & 5th Streets –Pinion presented background. He said this is directly across the street from a City parking lot, and residents could park in the lot rather than on the street.

- c. Parking Restrictions on east end of the 200 block of Blake Street – Pinion said a resident that has to navigate the steep hill on Blake Street is saying that it is slippery and is a hazard, especially if someone is parked on the side of the street, he is afraid he could end up side swiping the vehicle.

Reports

- a. Utility Superintendent's Report
 - i. Staffing Updates – No report.
 - ii. Project Updates – Pinion gave an update on the West Baraboo agreements. Pinion said there has been three water main breaks this year. He said the contract for the Hwy. A water tower is being worked on with US Cellular. Pinion said that the lead service grant has been submitted to the DNR. Televising sewer mains proposal came in under budget, so funds should be left to line outdated mains with some cast in place pipe. He said that in 2008, 2009, and 2010 every underground sanitary and storm sewer line were televised, and it is time to get them done again. He said that roughly a third of the City would be done each of the next three years. Pinion said there is a new program that the DOA created to assist low-income customers in which a permit has been submitted to the DOA to participate, and it has been approved.
- b. Street Superintendent's Report
 - i. Staffing Updates – Gilman said that a DPW employee took a position with Parks Department. He said the position was advertised, 13 applications were received, and three were interviewed. He said staff is on the same schedule. He said when street sweeping, leaf vac, and taring start up the department might work some 10-hour days, and some staff on 8-hour days on Monday or Friday.
 - ii. Project Updates – Gilman said winter has been light, only 5 times has the entire crew been out plowing. He said that 220 tons of salt has been used this season. Christmas trees are still being picked up. He said tree removal with the Parks/Forestry Department is ongoing. Discussion took place regarding a tree contractor being paid doing private tree removal, but not cleaning up the.
- c. Police Chief's Report
 - i. Staffing Updates – No report.
 - ii. Project Updates – Labroschian said the reports were included in the packet. Kolb questioned the activity at the high school. Labroschian said that the truancy rate continues to be high.
- d. Fire Chief's Report
 - i. Monthly Incident Report – Report was included in Council packet.
 - ii. Fire & EMS Facility Design update – Stieve said in 2019 professionals were interviewed to select a site and provide preliminary designs for Fire/EMS station. He said from that time until today there was always a question where EMS would fit in to all of this and he feels that the question has been answered with the consolidation study. However, working with MSA and CR Architects out of Cincinnati, CR lost two key staff members that the City was going to rely on for fire safe design. He said that they are meeting with MSA tomorrow, and it may be the process of selecting a new firm for the design. Bradley said that either way the City would be looking to go back out, even if MSA wants to rebid with a different firm.
 - iii. Staffing Updates – Stieve said that one new member was added in December 2021, and two new members were added in January. Stieve said that there was a minor incident with Car 2, the passenger side mirror was damaged, it is under the threshold of the insurance, and it will be replaced in house. He said there is a full-time staff member on administrative leave at this time.

AJOURNMENT – It was moved by Wedekind, seconded by Plautz to adjourn at 1:50 p.m. Motion carried.

Respectfully submitted,

Tom Kolb, Chairman

MEMORANDUM

City of Baraboo

Date: February 24, 2022

To: Public Safety Committee

From: Tom Pinion

Re: Background for the February 24th meeting @ **1:00 pm** – **City Services Center**

ACTION ITEMS:

Item A. Bids for the annual Public Works Projects were opened on Feb. 24th and the Bid Tabulation is included in the packet. Staff is recommending award of each of the Proposals to the respective low bidders..

Item B. This is the standing agenda item to review and approve monthly utility billing adjustments. The adjustments for February 2022 are included in the packet.

INFORMATION ITEMS:

This is just a topic for discussion. A request was received from Brothers on Oak for an EV Charging Station for the parking stall in front of their establishment. I know we have talked about EV Charging Stations in our Municipal Parking Lots but to date, we have not talked about locations for any on-street parking stalls. If the Committee has an appetite to consider these types of requests, I can consult both the Business Improvement District and Downtown Baraboo Inc. for their input.

See you Monday at **1:00 PM !**

Re: February 2022 Agenda

Old Business:

West Baraboo Agreements – Still no progress

New Business:

None

Reports:

Private lead service grant – No news from the DNR.

2022 Budget

Water Dump Truck – Normally we solicit bids for our trucks. After speaking with several vendors, their common theme was there was no timetable on ordering and taking delivery of a new chassis. We were able to find a 2021 chassis and dump box on a lot in Sauk. The cost was a little higher than our budgeted amount. We did sell our old truck on Wisconsin Surplus and did quite well, so we were able to make up the shortfall in the budget.

POs are completed for televising 22 miles of sanitary sewer and inspections of 2 water towers. This week, we will be finishing up the POs for CIPP (lining sewer mains) and for the purchase of the WRRF lawn mower.

PFAS testing – The DNR has launched a new, voluntary program for communities that are interested in learning whether their municipal water supply is impacted by per- and polyfluoroalkyl substances (PFAS). Since the DNR will be funding the testing, we have signed up for the program.

R/R bridge (Trussell at 1055 Lake St) – Earlier this week we were contacted by a R/R consultant for Wisconsin Southern. There are plans to refurbish/upgrade the trussell in 2022. In 1962 the Sewer Utility signed an agreement to install a sanitary sewer line thru the trussell. They are stating that we must remove the sewer line during the refurbishing project and there is a possibility that we may not be able to reinstall the line after the completion of the project. This will be a significant issue for us. We will start evaluating our options. Secondly, the trussell is now owned by the DOT. So if we need to reconstructed (and we will need to) the sewer line thru the trussell, we will have to complete a lengthy agreement with the DOT.

Wellhead Protection Plan – The Water Utility has been working with the Wisconsin Rural Water Association on creating a plan to protect the areas around our five wells. We are nearing the completion of that plan and will be bringing it forward for adoption and ordinance change.

FEBRUARY 2022 STREET DEPARTMENT STATUS REPORT

Staffing/Scheduling Updates

- After the application/interview process, we have decided against filling the open DPW position at this time. The mild winter has certainly had an effect on our ability to postpone filling this position for the time being.
- As daylight permits and task assignment allows, we have been utilizing a staggered start time again to minimize the amount of staff in a certain area at one time.

Activity Report

- **Plowing/ Salting/ Sanding:** The mild, but windy, winter has reduced the amount of hours committed to snow removal, and the quantity of materials used to combat winter weather. Although a 2" storm requires a very similar amount of time to address as a 4 or 6" storm, we have been fortunate that we haven't been experiencing many 2, 4, or 6" storms in the '21-'22 season. We have seen a reduced amount of material usage as well, but the actual usage compared to other years will not be known until after we are done with today's storm (2/22).
- **Tree Removals:** Crews have been continuing to assist the Parks Dept. and City Forester with Ash tree removals as part of the Emerald Ash Borer abatement / ROW tree maintenance plan. To date they have removed all ROW trees that were scheduled for removal. They are now removing diseased/damaged trees in the Parks and along the Riverwalk. Come spring, crews will then assist with the grinding and topsoiling of the stumps.

Project Updates

- **Equipment/Vehicle/Materials Tracking Capabilities:** Our Mechanic Travis Steinke and I met with a representative from Force/PreciCe regarding vehicle and equipment tracking for certain items in our fleet. Force manufactures the equipment used to operate our plows and sanders on our plow trucks. PreciCe, which is a division of Force, makes the tracking equipment. PreciCe tracking equipment will track the total miles driven by the plow truck, the total miles that the sander was activated, the amount of liquid brine distributed, and the amount of salt or salt/sand distributed. The PreciCe equipment is also able to be calibrated so we are not under or over using material. Based on the speed driven and certain conditions, the equipment can be set to a predetermined distribution rate of application. The PreciCe equipment in a couple trucks will serve dual purpose as it can also be setup to work with our street sweepers. Once programmed to a street sweeper, it will track miles driven, miles swept when broom is activated, and we can set a "HOME" so we know how many loads were hauled per day. This data would be

very useful for annual MS4 reporting. We are also considering similar units for our refuse and recycling trucks but those would be permanent fixtures in those vehicles. The refuse and recycling truck units would be linked to a tablet that would have certain options to select so the drivers could “drop pins” noting concerns. The drivers could hit a button for a pothole, low hanging limb, carts not placed out for pickup, etc. Once they hit the button for whatever item, a “pin” would be marked by GPS and a crew could be dispatched to address the situation. This would benefit us for a timely response to an issue that needs resolving, and would also be beneficial in the event that we have a call regarding a missed refuse or recycling cart. If the driver drops a “pin” that a cart was not placed for pickup and we receive a call that the address was “skipped”, we will have an identifier that the cart was not placed at the required time for pickup as required by ordinance.

Informational items

- **Brush Pickup/ Brush Site:** We are continuing to pick up brush curbside as requests come in. The requests are few and far between during the winter months typically, and this year has been consistent with years past. With a full calendar year (2021) “under our belt” of brush site closure, I have been tracking “curbside only” vs “brush site open” costs for comparisons sake, and have found that the cost is relatively comparable. Keep in mind that we had a significant storm last August that prevented a completely accurate representation of 2021’s costs. I will continue to evaluate to determine what method will best suit our residents both service wise and financially. There may be a scenario that we continue to pick up curbside only, we may find it beneficial to go back to brush site available to residents with a single week monthly curbside pickup available to residents, or a hybrid of sorts where the site is available for drop-off during a certain week of the month, during certain hours of the day, or on a specific Saturday of the month, and also our curbside service. However, the hybrid “Saturday Drop-off” theory would require consideration of an additional part time/seasonal staff member to check resident ID’s and make sure the material is of the brushy nature. I will discuss various possibilities further with staff and management and bring ideas back to the Public Safety Committee for review/recommendation.

Thank you, The DPW Crew

BARABOO POLICE DEPARTMENT 2022 Goals Statement

Our Purpose

To provide professional unbiased police services that support our community and help it to grow through the reduction of crime and the fear it causes; while promoting a safe environment.

2022 Mission of the Baraboo Police Department

Our Mission in 2022 will be the safe offering of professional police services to the citizens of Baraboo, reducing crime and promoting a safe environment. We will accomplish this through:

- Professional case investigation of criminal cases with victims' rights in mind.
- Directed enforcement activities in the areas of traffic.
- Active drug investigation, detection and enforcement.
- Code enforcement for safety and quality-of-life violations.
- Proper planning and response to planned and unplanned events.
- Provide current and relevant training to officers for development of skills that better serve the community and the diversity needs.
- Dedicate ourselves to the principles of Community Policing and engage with the community.

BARABOO POLICE DEPARTMENT 2022 Goals Statement

GOAL: Wisconsin Law enforcement Accreditation Group Certification

DIVISION: All

ISSUE: 2022 is an evaluation year for our WILEAG certification. This certification puts us in the top tier of police in WI, and is maintained by approximately 64 agencies in the State. Many internally have worked toward this certification and it is the goal to be recommended for recertification in our October evaluation.

OBJECTIVE:

1. Support Accreditation Manager Sgt. Werner in completion of all of the necessary evaluation files for evaluation.
2. Continue to evaluate our progress and decisions in the lens of WILEAG standards.
3. Provide for the comprehensive analysis by evaluators here at the police department with all staff participating.

BARABOO POLICE DEPARTMENT 2022 Goals Statement

GOAL: Implementation of Canine Program

DIVISION: All

ISSUE: In 2020, our first canine was retired and there were some challenges with COVID to get the position filled due to training. The goal is to bring the program back with a dual-purpose dog that can serve the community on a donation-funded program.

OBJECTIVES:

1. Provide the squad and equipment to support the officer selected as the Canine handler for the department.
2. Complete dog/handler training to get the program up and running by May 1, 2021.
3. Develop a canine team of interested officers to support the program.
4. Continue fundraising to support the program.
5. Work within the supporting programs and canine handlers in Sauk County to develop a comprehensive and robust program.
6. Develop the program support and use by officers on shift.
7. Provide training for the dog in narcotic detection sans marijuana as well as sent tracking, article location and apprehension.

BARABOO POLICE DEPARTMENT 2022 Goals Statement

GOAL: Provide for a multi-phase analysis of our police response to calls including the assignments of staff as the City experiences unprecedented growth in the next 5 to 10 years. This will include shaping the police response to the Citizens of Baraboo and evaluating where needs lie within the agency and community.

DIVISION: Administrative with input from all staff.

ISSUE: The department has held the same patrol sector response for more than 40 years. The City has dynamic changes coming with new homes and development in multiple locations that could cause upwards of a 10% population increase in the next 10 years. We need to evaluate our patrol guidelines and responses to best serve the community going forward.

OBJECTIVE:

1. Assign an Ad-Hoc team to collect data related to police response, types of calls and departmental response needs including time of day and day of the week services are most needed.
2. Review response protocols and how those overlay with current and future needs.
3. Seek outside evaluation of data to assist in developing a comprehensive growth and response strategy.
4. Identify areas of police response that can be changed to still provide essential function of the department while reducing costs.

BARABOO POLICE DEPARTMENT 2022 Goals Statement

GOAL: Implement and advance with social media and technology to develop ways to better interact and get information from citizens and allow for reporting.

DIVISION: All

ISSUE: The public continues to use social media and technology at a rate far above that of government. Providing for a means to effectively communicate and actively seeking new platforms will help us to serve our community and increase their engagement.

OBJECTIVE:

1. Increase the use of social media to communicate for cases and media releases to maintain the transparency of the agency.
2. Investigate alternate communication platforms for citizens who cannot use cell or land line communications.
3. Use social media to communicate the responses to the public about current and relevant topics like the conversations on use of force and policing in America and Baraboo.
4. Develop and promote on-line reporting of minor offenses.

Chief's Message

Thank you for reading the *2021 Baraboo Police Department Annual Report*.

As you review the facts and numbers of 2021, our community, like the nation, dealt with divisiveness and division at a rate that I have not seen in my career as a police officer. Varying political pressures mixed with the stress of on-going COVID responses led to some historic challenges that the men and women of the Baraboo Police Department handled with professionalism and grace. Please know that these numbers represent people and I am extremely proud of the service our officers and department provide to the community of Baraboo!

We knew there would be struggles in 2021, but we were also confident that as a department, we would be ready as some of the best in our profession. We looked forward with hope as 2021 began...hope for those we serve and for the promise that tomorrow will be a little brighter for everyone navigating out of this pandemic and all the trauma it brings to so many. We look back in this report for knowledge. It is this knowledge that helps fuel our hope as we push forward into 2022 and beyond.

To the men and women of the department, thank you for all you do, and continue to do, through every challenge. I have been privileged to work with you and wish only the best for the City and all of the members of the police department as we move forward into the future. We know not where we are going specifically, but the constant of change will be with us. Our strength is to embrace that change, tame the fear, and offer hope. Hope is the equalizer; when applied with love and care for others. We do that every day and I could not be more proud of all of you all for that.

Here's to looking to the next year and beyond!

A handwritten signature in blue ink, appearing to read 'MSF'.

Mark R. Schauf
Chief of Police

Our Purpose

To provide professional unbiased police services that support our community and help it to grow through the reduction of crime and the fear it causes; while promoting a safe environment.

We recognize that to fulfill this purpose, we have an essential duty to:

- 
- Treat all people with dignity and respect;**
 - Act honestly, ethically, and with integrity;**
 - Be accountable for our actions;**
 - Identify and help solve community problems that are related to our policing responsibilities;**
 - Protect the constitutional rights to liberty, equality, and justice for all people;**
 - Protect those who are in danger of physical harm and provide aid to those who cannot care for themselves;**
 - Facilitate the safe movement of people and vehicles;**
 - Act within the limits of state and federal law, and our policies;**
 - Provide education and information to the public to help reduce the risk of victimization and foster an understanding of our police function;**
 - Anticipate and be prepared for emergencies; and**
 - Provide for the professional growth of our employees.**

Baraboo Police Department

Oath of Honor

Baraboo police officers are sworn into office using our oath. It includes the oath required by law, but also includes a promise to uphold our code of ethics and for each employee to hold every other employee accountable to the same standard.

Our Oath

Having been appointed as a Police Officer or other employee of the City of Baraboo Police Department, I swear that I will support the Constitution of the United States of America and the Constitution of the State of Wisconsin, and will faithfully and impartially discharge the duties of my office to the best of my ability.

I swear that I will abide by the Code of Ethics adopted by the City of Baraboo Police Department.

On my honor, I will never betray my badge, my integrity, my character, or the public trust. I will always have the courage to hold myself and others accountable for our actions. I will always uphold the constitution, my community, and the agency I serve.

So help me God.

Baraboo Police Department

Taking this oath is our declaration that we intend to provide police services that adhere to the highest ethical standards. We are proud to join law enforcement agencies across the country as an "oath of honor agency."

Significant Events

COVID again impacted all areas of life in 2021. Major events such as the festivals downtown, the Sauk County Fair, The Circus Heritage Parade were canceled or modified due to the virus. A vaccine was approved and became available for use, which began a path toward our new normal.

Detectives working with the Sauk County Drug Task Force conducted 24 investigations resulting in 14 drug-related search warrants.

January

Baraboo officers who are members of the Sauk County Emergency Response Team (ERT) responded to Kenosha for the civil unrest happening in that area.

January 21

Baraboo officers assisted the Columbia County Sheriff's Department with a child enticement case. A male subject was arrested and charged with multiple felonies.

March 4

Baraboo officers were dispatched to a male who was unable to care for himself. Upon transport to the hospital the male exposed himself to several hospital staff members and was subsequently arrested.

June 24

Baraboo officers were dispatched for a missing six year old. Search teams were deployed and the child was located safe.

July 7

Officers were dispatched to Ocshner Park for a death investigation. Officers responded and upon completion of the investigation, the subject was found to have committed suicide.

July 14

Severe storms swept through the Baraboo/Sauk County area, causing damage to multiple residences in the City of Baraboo.

September 13

Officers were made aware of a possible threat at the Baraboo High School. The school was evacuated and the school and surrounding area searched. No threats were located.

December 12-14

Baraboo Police and Fire were dispatched to two structure fires within 48 hours. The first fire was a duplex fire, resulting in one fatality. The second fire was at Ochsner Park Zoo. Neither fire was suspicious. Both structures were heavily damaged.

Budget

Budget Summary

The 2021 police department budget from local property taxes was approximately 3.9 million dollars. With a staff of 35 employees, labor was our highest expense. The majority of our remaining costs were for equipping, training, and otherwise supplying that labor.

General Operations

Personnel (wages, salaries, and costs)	\$2,546,613.00
Equipment, supplies, other expenses	\$406,443.00
Total	\$2,952,606.00

Detectives, School Liaison

Personnel (wages, salaries, and costs)	\$595,613.00
Equipment, supplies, other expenses	\$14,200.00
Total	\$609,813.00

Records and Support

Personnel (wages, salaries, and costs)	\$267,461.00
Equipment, supplies, other expenses	\$38,520.00
Total	\$305,981.00

Animal Control

Personnel (included in general operations)	\$0.00
Equipment, supplies, other expenses	\$2,400.00
Total	\$2,400.00

Capital Expenditures

Vehicles	\$88,000.00
Equipment	\$2,400.00
Total	\$90,400.00

Total Police Budget	\$3,961,200.00
----------------------------	-----------------------

Two officers were added in 2021 due to departures and retirements. No other staffing increases necessitated by population changes are expected in the next five years.

Grants

The police department participated in several grant programs. The traffic grant programs are targeted towards reducing operating while intoxicated as well as distracted driving.

Type	Source	Use	Amount
Ballistic Vest	U.S. Department of Justice	Matching grant for replacement body armor	\$3,247.00
Seatbelt Grant	National Highway Traffic Safety Administration	Grant to increase seat belt usage	\$17,142.00
OWI Grant	National Highway Traffic Safety Administration	Grant to reduce OWI's	\$22,857.00
Bar Buddies	National Highway Traffic Safety Administration	Grant for Bar Buddies to help reduce OWI's	\$5,200.00
TOTAL GRANT REVENUE			\$48,446.00

Projects and Programs

Long-Range Plan

Our long-range plans are based on our purpose statement. That statement identifies two essential goals:

- A. Reduce crime and the opportunity to commit crime
- B. Promote a sense of safety in our community

2021 Strategies

In addition to continuing the strategies implemented in 2020, we adopted the following in 2021:

- **Traffic enforcement**

There was a specific attempt to reduce potential exposure of officers from COVID-19. As we mitigate the risks and come out of the crisis, we need to re-dedicate ourselves to traffic enforcement. Traffic speed is still a significant concern for the public and officers should be seeking opportunities to reduce the dangers through enforcement.

- **Community conversation and outreach on policing**

Continue to work on the community conversation of policing and transparency of policing. Let the public know not only the what we do but bring them into the why.

- **COVID Response**

The COVID response needs to remain as a priority, ensuring we are protecting the staff of the police department and the community we serve through good practice and vaccination.

- **Implement advancements in technology and communication in social media.**

With the increasing use of social media as a communication platform, the department should look for ways to increase community outreach and provide additional ways for the community to interact and report to us.

2022 Strategies

- **Wisconsin Law Enforcement Accreditation Group (WILEAG) Certification**

2022 is an evaluation year for our WILEAG certification. Our objective is to support Accreditation Manager Sergeant Werner in completion of all necessary evaluation files for evaluation, continue to evaluate our progress and decisions in the lens of WILEAG, and provide for the comprehensive analysis by the evaluators at the police department, with all staff participating.

- **Implementation of Canine Program**

Our goal is to bring the canine program back with a dual-purpose dog that can serve the community via a donation-funded program. Our objectives include to provide the squad and equipment to support the officer selected as the Canine handler, complete K9/handler training to get the program up and running by May 1, 2022, develop a canine team of interested officers to support the program, continual fundraising, work within supporting programs and K9 handlers in Sauk County to develop a comprehensive and robust program, develop program support and use by officers on shift, and provide training for the K9 in narcotic detection (sans marijuana) as well as scent tracking, article tracking, article location and apprehension

- **Provide for a multi-phase analysis of department response to calls, including assignments of staff as the City predicts unprecedented growth in the next 5-10 years, to include shaping police response to the citizens of Baraboo and evaluating where needs lie within the agency and community**

Our objectives include to assign an Ad-Hoc team to collect data related to police responses, types of calls, and departmental response needs, including time of day and day of week services are most needed; review response protocols and how those overlay with current and future needs; seek outside evaluation of data to assist in developing a comprehensive growth and response strategy; and identify areas of police response that can be changed to still provide essential function of the department while reducing costs.

- **Implement and advance technology and use of social media to develop ways to better interact and share information to/from citizens and allow for reporting**

Our objectives include to increase the use of social media to communicate case information and media releases to maintain agency transparency, investigate alternate communication platforms for citizens who cannot use cell phone or landline communications, use social media to communicate with the public on current and relevant topics such as use of force and policing in America and Baraboo, and develop and promote online reporting of minor offenses.

Training

Training for police department employees in 2020 included the following:

Type	Function	Hours
Field Training	Initial training of new employees	1770
In-Service Training	Annual county-wide training Quarterly training for all employees Monthly firearms training Other periodic training, hours listed per officer	88
Specialized	Training for individual employees, based on need	1220
TOTAL HOURS		3078

Field training is conducted by our specially trained officers. They share with new employees the knowledge and skills required to provide police services to our community. The training lasts sixteen weeks and is in addition to pre-service (Police Academy) training required by the Department of Justice Training and Standards Bureau.

In-service training sessions are held quarterly. This allows training to be offered on new concepts, laws, and equipment on a timely basis. Most of our in-service training is developed and conducted by our staff and some is provided by other trainers.

Specialized training is purchased from outside vendors. It includes general law enforcement, managements, tactical, investigative, and other training.

Statistics

Calls for Service

Our total calls for service reflect an aggregate number of most matters handled by our department. This includes all crime reports, arrests, citations, traffic crashes, and other calls to the police. It is used as a general measure of total “incidents” handled by the department. It does not include parking citations and it considers an event that includes multiple activities to be one incident. For example, a call to the police about a disturbance that results in several arrests is scored as one call for service. While total number of calls have fluctuated from year to year, the department has seen an overall average increase in the number of calls for service.

Uniform Crime Reports/NIBRS

Uniform Crime Reports are used to measure serious crimes and are submitted to the FBI on a monthly basis. These reports track specific offenses and have been collected for these same offenses since 1929. While a reflection of serious crimes, total rates are driven by theft reports because the number of thefts vastly outnumbers all other crimes. This is true in most municipalities. In addition, the UCR data does not track other types of offenses that are dangerous and frequently occurring, such as driving while impaired and other serious traffic offenses. UCR also only collects data on the most serious offense that occurs during that call.

In January of 2021, the FBI discontinued the use of Uniform Crime Reporting (UCR) and instead went to a National Incident Based Reporting System (NIBRS). NIBRS tracks the same major crime categories as UCR, however, collects additional data on other types of offenses as well.

The rate of most serious crimes other than theft has been on a generally downward trend for more than four years. Sex offenses more than doubled in 2021 vs 2020. Theft cases decreased slightly.

Persons Arrested

The number of individual criminal and ordinance violations cited by officers is reported here. In instances where a person was arrested and issued two or more notices of appearance for separate violations of law, each notice is counted individually.

Disorderly conduct	153
Drug offenses	111
Drug paraphernalia offenses	66
Truancy	14
Theft	88
Obstructing or resisting an officer	62
Tobacco violations	6

Assault	45
Curfew	21
Alcohol offense	2
Bail jumping	78
Criminal damage to property	22
Animal Violations	16
Trespassing	45
Weapons violations	16
Sexual assault	7
Prowling	0
Burglary	3
Recklessly Endangering Safety	2
All other violations	62
Total notices of court appearance	819

Underage Alcohol Offenses

Ages 17 through 20	9
Age 16 or under	9
Procuring	0
Total Underage alcohol citations	18

Traffic Citations

Seatbelt violation	357
Speeding	247
Operating while suspended	264
Operating while intoxicated (includes PAC)	157
Operating after revocation	155
Operating with no valid license	74
Open intoxicants in motor vehicle	7
Hit and run violations	22
Failure to yield right-of-way	14
Failure to obey sign, signal, or officer	55
Insurance violations	498
Registration violations	74
Ignition interlock violations	8

Reckless driving	4
Knowingly fleeing an officer	3
All other violations	104
Total traffic citations issued	2043

Traffic Warnings

Speeding	771

Failure to yield right of way	27
Display of power	15
All other violations	344
Total traffic warnings issued	2626

Parking Tickets

Baraboo Police Department has been utilizing Clancy software and ticket writers since 2015. This has allowed for more efficient writing and tracking of parking tickets, as well as increased revenue as more payments are collected. Since 2015, additional ticket printers have been added to aid in the efficiency of ticket writing.

Total parking tickets issued	4160

Traffic Crashes

The rate of traffic crashes has been following a generally steady trend from 2013 through 2020. The annual rate had been about 313 from 2013-2020. There has been a general downward trend in accidents from 2016-2020. The number of injury accidents increased 5% from 2020 to 2021.

Use of Force

We complete critical reviews of every force application whenever it is more than simply overcoming resistance. These reviews are conducted by an officer's peer who is an experienced officer and trainer in the force option used, with oversight by a Command Officer.

For example, when a patrol officer uses a Taser, the force application is evaluated by another patrol officer who is trained as a Taser instructor. It is then reviewed by the Lieutenant of Police. This helps us ensure that the reviews are valid from the eyes of a practitioner and an administrator.

Individual reviews and the annual summary are used to help identify individual and department-wide training needs, equipment shortcomings, or policy deficiencies.

The following summarizes our reportable uses of force this year. In instances where several force options were used, such as an empty-hand technique (e.g., compliance hold) and use of a Taser, the incident is reported under the higher-level option however all options are documented.

Taser	10
Empty hand techniques	27
Firearm	16
Vehicular pursuit	1
Total reportable uses of force	54

In many of these instances, an officer threatened to use force, such as pointing a Taser at a suspect, and achieved compliance without actually applying the force technique.

Threatened force	24
Applied force	30
Total reportable uses of force	54

The nature of the calls that precipitated force applications varied widely, but the most common cases were general disturbance calls.

Disturbance	37
Suicidal or other mental health	1
Operating while intoxicated	3
Warrant service	5
All other	8
Total reportable uses of force	54
